```

Verification

- git diff --check: passed
- npm run check: passed
- git diff --check: passed
- Codexa session-start workspace-session routing smoke: passed
- Codexa brief workspace-session routing smoke: passed
- Codexa post-edit-review: local artifact recorded
- Codexa test-plan: local artifact recorded
- git diff --cached --check: passed
- staged safety scan: passed

Notes

Adds explicit workspace focus/session routing flags for session-start and Codexa query commands so workspace launch roots can resolve to the intended focused worktree without relying on inherited shell environment.
